

THAT HUNTER'S LICENSE

A TEST CASE DECIDED IN LINCOLN COUNTY

License not Necessary to Hunt in One's Own County—Quail Season Began Yesterday.

The Jasper hunters have been in a dilemma about that hunter's license ever since it became a law. One section of the law leaves the impression plainly that a license is not necessary in the county in which one resides. Another section of the law reads as though a license was necessary excepting on one's own land.

Most of the hunters have decided to rest their faith on the section which says no license is required and have not taken the trouble to procure a license. The state game warden however has contended that all hunters must have licenses.

A test case under the new law was tried in Lincoln county recently and State Game Warden Rhodes prosecuted the case. Saturday Mr. Rhodes was notified that the judge before whom it was tried had rendered a decision late Saturday to the effect that under the new game law it is not necessary for a hunter to pay \$1.00 and take out a license in order to hunt in the county in which the hunter resides.

The case was tried at Troy, Lincoln county last Monday. Game Warden Rhodes represented the case. Judge Barnett was on the bench and at the conclusion of the arguments he stated that the case was so complicated that he desired to take it under advisement.

Not until last Saturday was a decision rendered, it being adverse to the state and acquitting the defendant, who had practically pleaded guilty to hunting without a license.

This probably settles the question and the Jasper hunters can enjoy the sport without the aid of a license, providing they do not venture over into Barton county, and Barton hunters can do likewise as long as they do not get over into Jasper county.

The quail season began yesterday and will continue only until the first of December. A number of Jasper hunters started out early yesterday morning in order to get the pick of the flocks.

Ankle Dislocated.

Guy McConnell, a student in the Jasper schools, but whose home is south-east of town, had his ankle dislocated while playing basketball at the school house last Friday. The injury was the result of stepping in a small hole in such a way that the ankle was wrenched. He was taken to Dr. Hendricks where the injury was properly dressed. It was a painful injury and Guy will have to use crutches for some time.

DEATH OF MR. BOTTOM

He leaves a wife and three children the oldest a boy of ten years, also four brothers and sisters. His brothers G. L. and C. L. Bottom from Walnut Ridge, Ark., and B. A. Bottom, from Aurora, came over and accompanied the remains to Walnut Ridge, Ark., last evening where they were taken for burial. Mrs. Bottom and the children also accompanied the remains to Arkansas and will not return to Jasper but will make their home there.

Mr. Bottom was born in Dallas county, Missouri, 47 years ago, from there he went to Lawrence county Arkansas where he lived until about 3 years ago, when he was stricken with dropsy. Since that time he has traveled around great deal hoping to find relief. He came to Jasper about a year ago and in partnership with Mr. Moore went into the feed business, buying out Mr. Hunt, which he has conducted ever since. His health had gradually grown worse and worse and the disease finally caused his death.

NOT ON THE PROGRAM.

A Few Incidents Not in Foot Ball Game.

There were a few incidents connected with the visit of the Carthage foot ball contingent to Jasper last Friday that were not on the program. A couple of young men had apparently imbibed too freely on the road up here and by the time they got here they were rather boisterous. Marshal Ward warned them to get off the streets but they acted as though they were privileged characters. The result was that they were run in the cooler and were compelled to deposit \$5 and costs before returning home. They gave their names as Lockwood and Lobley. But, these were apparently fictitious names.

The marshal was compelled to take another visitor in during the game because he thought his privileges were greater than the marshal's. He was able to get home by leaving his watch with the marshal as security for his fine.
